Children under age of 6	Free			
Adult Season Ticket Book (10 tickets per book)	\$55			

The Fee Schedule is a result of Colorado State Law (CRS 22-32-117). The law allows the Board of Education to authorize the collection of the following fees:

- (1) Mandatory Fees: It is the Board of Education's policy to charge student fees to offset costs associated with consumable supplies retained by the student; textbooks, registration fees, tests, and supplies for advanced placement and international baccalaureate classes; fieldtrips; materials/use fees for band and vocal music; and student IDs. In addition, user fees are assessed for full-day kindergarten, transportation, parking, athletic sport, instrument rental, outdoor lab, and district wind, textbooks and music all students with individual education plans regardless of free or reduced lunch and for homeless or foster children. In addition, waivers of certain fees are granted for all students with individual education plans regardless of free or reduced eligible for free or reduced lunch to make a reasonable loss or damage deposit to cover equipment in good condition, all students including those eligible for free or reduced lunch will be assessed up to the full cost for replacement or repair in accordance with law, Board policy, and district procedures.
- (2) **Voluntary Fees:** Fees will be assessed as a condition, fees are charged for college entrance testing, yearbooks, student transcripts, and to be able to attend athletic/activity events and graduation ceremonies.

The law also requires the following:

- (1) The fee shall be used for the designated purpose and shall not be expended for any other purpose.
- (2) Fees shall be reasonably necessary for and reasonably related to the actual cost of the consumable supply or service.
- (3) A list of fees, how the amount of each fee was derived, and the purpose of each fee shall be made available upon request.
- (4) A fee may not be charged as a condition of enrollment in school or as a condition of attendance in any class.
- (5) Any publication listing fees shall clearly state whether the fee is mandatory or voluntary and shall specify any activity from which the student shall be excluded if the fee is not paid.

Note: Working within the law and Board of Education policy, principals have the latitude to determine the fees for their schools. Therefore, the type and/or amount of individual fees will differ between schools within the categories listed above.
