GT Waitlist Policy

When the current GT Center class is filled, based on placement by the GT Center Department, subsequent students who are accepted will be offered placement at another GT Center school. Those families who decline the alternate placement will be placed on a waitlist for their preferred school.

Waitlisted students will be notified via email/letter during the decision process.

The waitlist shall be ranked according to the following criteria by the GT Resource Teacher Review Team.

1. Siblings currently enrolled in preferred GT Center school
2. Home/neighborhood school or live in articulation area
3. Body of Evidence review
4. Transfers
 - a. Potential transfer students who have siblings currently in the school will get priority on the waitlist.

Both Spring and Fall placements will be treated equally (no preference will be given to those who applied in the Fall).

Students on the waitlist will be offered placement by the school's enrollment secretary **in consultation with the GT Department** as space becomes available.

Waitlists are only active until September 25th for the school year in which families applied. After this date, families will need to reapply for future placement in the GT program.
